Creative Mobile Interiors Expands into Second Building

(COLUMBUS, OH) – A steady increase in business volume has led Grove City-based Creative Mobile Interiors to expand into a second building. The company specializes in converting motor coaches, vans, trailers and mini-coaches into luxury, commercial and specialty vehicles.

The new plant totals 4,000 square feet, and is located just off Seeds Road, about half a mile from the company's 10,000 square-foot headquarters and showroom, also on Seeds Road.

"These 45-foot shells take up a lot of space. We were just so far beyond capacity on the plant floor that we had no choice but to get additional room,"

said CMI President Owen Connaughton. "Now we've got a total of ten bays to work in, which has made things a lot less crowded on our main floor."

CMI was founded in 1999 and is headquartered in four plants totaling 21,000 square feet in Grove City, Ohio. The company specializes in converting motor coaches, vans, trailers and mini-coaches into luxury, commercial and specialty vehicles outfitted with custom top-of-the-line amenities and electronics. Since its founding, the company has doubled or nearly double in size every year. For more information, CMI can be reached at (614) 539-4600, or at www.creativemobileinteriors.com
